

About You Assignment

Jorge Chacon

Business Management And A Minor in HR

About You Assignment

What is your technical background?

My current technical skills are quite impressive. Growing up, I was surrounded by technology, both at home and at school and work. This extensive exposure has equipped me with a strong foundation in various techniques and apps that facilitate my work and homework. Additionally, I'm adept at adapting to new technology and learning new tricks and techniques as they emerge.

What is your major, and what kind of career are you looking to enter after graduating?

My major is Business Management, with a minor in Human Resources. I have always had strong leadership qualities. People often seek my advice or guidance. Even in my current job, my coworkers often turn to me for solutions rather than our supervisor. Additionally, I genuinely enjoy helping others as much as I can.

About You Assignment

Tell me some non-technical things about yourself?

I am 21 years old and was born and raised in El Salvador. I came to the U.S. around 2013. I chose the University of Nevada, Reno (UNR) as my preferred university because it is the best in the area. Additionally, they offer an amazing business major program, which I am excited about. In my free time, I enjoy playing video games and playing musical instruments. While I appreciate all music genres, I have developed a particular fondness for 80s music over modern hits. My favorite movie is "The Matrix"—I find all of them quite profound. I have a general dream of becoming as successful as possible so that I can help my family grow and show my gratitude for everything they've done for me and their belief in my success.
